“FROM A SPARK”

by Mountain Ghost

**Always saw me flying soaring oh so high
Every screenplay eyeing a hopeful happy sky
Then a frightful scene came to shock us all
Burned up everything and birthed a primal call**

**From a spark to a dream from a spark to dust
With an ever golden theme of in the gods we trust
City of angels city of light
Back to the start
From a Spark**

**Grew up in the sunny charm of la-la land
Films of milk and honey songs of surf and sand
So much life around me almost seemed surreal
Till the sirens sounding broke the sacred seal**

(Chorus)

**From a spark comes the glow of grace
From a spark courage to hold space
From a spark once the storm of fire
From a spark now the calm breeze of desire**

(Chorus)

**From a Spark
From a Spark**
